Project of installing 57 new, Forty-four globe type lights or portions of the city, Jones said.

In addition to these street lights, seven new lights are to be placed in the City Park, and the five present lights will be placed on the new circuit to burn all night like the street lights.

In connection with the installation by the West Texas Utilities Company, which maintains the new "electric eye" switches are being installed to operate the entire street lighting system. With these switches, when darkness comes, the lights will go on automatically. Then when daylight comes, they will be automatically

# Feasibility of Area **Water Program** Will Be Advised

Surveys have been completed on the upper drainage area of the Salt Fork and Double Mountain Forks of the Brazos River, north and west of Hamlin, by Freese & Nichols of Fort Worth, engineers, and recommendations to the Water Resources Committee of the Hamlin Chamber of Commerce will be made soon.

This information was contained in a letter received by the Chamber of Commerce last week from the engineering firm.

Data is being assembled on the area in view of a projected water conservation and irrigation program being investigated for the Hamlin area. Feasibility of the proposal is being sought in the surveys. It was proposed by the Hamlin CC committee that reservoirs to impound 80,000 acre feet of water for industrial and irrigation purposes if the plan appears pratical. Jack Willingham is chairman of the Water Resources Committee.

The surveying crews that have been in the section for several weeks have studied rainfall, runoff, general topography of the area, soil types and alkalies that might affect to quality of the water. It is this data, plus the engineers' recommendations that will soon be supplied, according to Delma Shelburne, Hamlin CC

### WATER PROGRAM MAY OPEN UP NEW FIELDS

As the proposed water resources development project being sponsored by the Hamlin Chamber of Commerce begins to take shape with the preliminary surveys and investigations now underway in the area north and west of Hamlin, scattered slighting remarks made by kill-joys and cold blanket wielders remind us of the Doubting Thomases of other

The critics said the incandescent electric light would never work; they said the steamboat would never operate; they said sending the human voice over a wire was foolishness; they declared a flying machine was tomfoolery; they bemeaned anyone who thought that communication by wireless was possible; they eidiculed the mechanic who believed a horseless carriage was possible; they laughed at plans to irrigate vast stretches of desert country in California, Arizona and South Texas.

But actualities prove that the critics were wrong. Those impossible sounding experiments have become potent proof that fantastic projects sometimes are carried to fruition. Many difficulties had to be surmounted to nake most of the plans workable. Faith and vision and imagination triumphed in the end, however, and the world is a better place for all of those accomplishments.

#### In the Public Interest

Your state legislators set up boards and urcaus to protect the public. Members of uch boards are appointed to look after the ublic's interest first. Interests of the proasian concerned are supposed to be second-

Once in a while you find a professional card that forgets the public and places the iterests of its profession first. When this appens, it often is due to pressure applied to the board by one group or faction within the profession to fix prices or to drive competitors out of business. Competition for busines sbenefits the public. That's why Texas legislators oppose price fixing, so-called fair trade laws and all attempts to stifle competition.

When an individual or a firm advertises, k is an invitation to you to do business with the advertiser. An individual or firm that does not live up to its advertised claims is not long in business. Furthermore, false and misleading advertising is prohibited under Texas laws.

No better example of the value of advertising to a business and to the public is found than in the optometry business in Texas. All optometrists must pass the same examinations before being licensed. Therefore, the public is protected. But for some time now the Texas Board of Optometric Examiners has been attempting to eliminate, except for business cards, all advertising by optometrists. Year after year the non-advertising optometrists have tried to get the Texas Legislature to pass laws prohibiting competitive advertising. And every year the Legislature has voted in the public interest by killing such

The board's own attorney, State Attorney General John Ben Shepperd, has ruled that he board was exceeding its authority. Only ecently a court test was attempted, and the board withdrew its charges.

Should the non-advertising optometrists vin their battle, there is no doubt but what prices of iglasses would rise. Many Texans who need glasses now and are able to obtain them at fair prices and on terms would be unable to do so if the non-advertisers have their way. Thus far, this board has been unable, apparently, to get the idea that the public interest outweighs the interest of one faction of their profession

Nothing is cheap that is superfluous, for what one does not need is dear at a penny.-Plutarch.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be corrected, gladly and promptly, upon its being brought to the attention of the management.

#### The plan to develop new water sources for the Hamlin territory in the region to the Double Mountain Fork of the Brazos River north and west of Hamlin may be far-fetched; it may not be practical; it may too expensive; the water may not be usable. But some of Paul's Methodist Church at Abi-

ects that are now realities. At least, we owe it to those whose ingenuity and pioneering in their veins to hold our damaging criticism 1934, totaled \$480,011.94. Loans until the engineering firm of Freese & Nichols come forward with their findings and recom-

those similar may-nots faced other great proj-

Jack Willingham and his Chamber of Commerce Water Resources Committee deserve our active cooperation and confidence. They may be working on a project that will open up new fields of possibility for our region. The least we can do is give them and the engineers the benefit of our support in the surveys and investigations.

If more of our people could have seen the thousands and thousands of acre feet of water that rushed under the Highway 83 bridge over the Brazos River nine miles north of Hamlin last May and June-only to be impounded by Possum Kingdom Lake and other reservoirs downstream—some of the ridicule recently noised about might have been unuttered. Let's wait and see and listen.

# Aristocracy of Character

There is no aristocrary of blood, but only of character. A man's real worth consists not in what he possesses, but in what he is. It is not possession but ownership that makes for true wealth.

What we call living is often nothing more than a feverish attempt at multiplication of things; whereas life ought to be a process of becoming, an unfoldment of the marvelous potential that we all might, but never quite dare, to be. Therefore, to regard one's work-whether it be selling goods, or building houses, or serving in the professions, the arts or the industries — to regard it as that Club. which forms one's part in the general community, as one's contribution to the progress of the race, always to invest it with the best one has-this is what it meanss to be one of earth's noblemen and thereby attain unto the aristocracy of character.

#### Editorial of the Week

SPENDING AUTHORIZATIONS

The foot-in-the-door method of seeking congressional authority to spend the taxpayer's money adds much to federal spending—and

Here is how it works: A bill is introduced to authorize a new program or project. Little if anything is said about what it will cost, except maybe for planning purposes, until after it is passed. Then the appropriations committees are told: "The Congress approved this project. Obviously, it is the will of Congress that you do your duty and grant

A first-year appropriation for a small amount is quite likely to be approved. In the next year a new request comes in for many millions and the committees are told that it would be wasteful and inefficient to drop the project midway in its construction. Under these circumstances the many millions are usually granted.

There are about 1,400 authorizations, many of them obtained in the manner indicated, in the field of river, harbor and flood control alone; and the 1954 budget indicates that \$14,000,000,000 will have to be appropriated in future years to complete the civil public works projects already started. In addition to the commitments to complete work now underway, \$17,700,000,000 cafeteria. of construction work has been authorized and may be undertaken during and after fiscal year 1954 if funds are provided .- T. & P. Railway Topics.

#### FIVE YEARS AGO.

Among items of general inter est in the community five year go were the following, reprinted rom the issue of The Hamlir lerald dated March 3, 1950:

H. E. (Jake) Lawcon, Hamlin nanager of the Lone Star Gas Company, sustained a broken right ankle last Wednesday in an acci dent while working on a gas line Morris Fisher, student at Mc Murry Colelge at Abilene, who has been assistant pastor of the First Methodist Church, has resigned to at end Whittier College at Whittier, California.

Possibility that the post office department will send an inspector here within the next few days to give final approval for city mail delivery, was seen this week, according to Perry Sparks, postmas-

A prediction that the 1949 cotton crop in Jones County may hit 90,000 bales was made this week by cotton growers, following release of the official report of 84,774 bales ginned prior to January 16, 1950.

#### ONE YEAR AGO.

News items of interest in the mmunity a year ago included the following, reprinted from the issue of The Hamlin Herald dated February 5, 1954:

Girls of the DePriest Colored School homemaking departmen will model dresses they have made in class as a school assembly this week-end.

Three farm-to-market roads in Jones County are scheduled to be ompleted during the next two years, according to an announce ment by the district Texas High-

way Department office at Abilene.

Fathers and mothers of stuents enrolled in the homemaking department at Hamlin High School were honored guests at a banquet Friday night in the high school

Four Hamlin boxers won final outs at the regional Golden Gloves ompetition Saturday night at Abiene. They were Dudley Griggs. Ritchie Smith, Billy Kelly and

# Livestock Market, Except on Hogs, Compares Favorably with a Year Ago To Be Small Again

Stable condition of the cattle! values compared with a year ago is revealed by a look at the records this week, declared Ted Gouldy, special market reporter for The Herald, in his weekly release. The release continues: Fed steers and yearlings currently are selling about \$1 to \$1.50 above a

Typical of the prime cattle values at Fort Worth are the sales of sifted steers from the Southwestern Exposition and Fat Stock Show at prices of \$27 to \$28.75 in most cases. This compares with a \$26 to \$27 range a year ago.

Commercially fed cattle of the good and choice variety sold at Fort Worth Monday at \$20 to \$24 compared to sales of similar cattle at \$19 to \$23 a year ago.

Cattle trade Monday was steady with some cows and calves stronger. Cows selling Monday at \$10 to \$13 compare with end-of-January values of \$10 to \$13.50 a year ago. Canners and cutters sold from \$7 to \$10 Monday, and level here. with a year back.

Bulls at \$9 to \$14.50 are also levels with a year ago.

Slaughter calves of the good and choice variety sold Monday at \$16 to \$19, identical with last year Medium and lower grades sold from \$9 to \$15, unchanged.

Stocker calves and yearlings are selling above a year ago by a couple of dollars. Toppy calves at \$20 to \$22, and yearlings at \$21 down are fully \$2 above last year at this time.

Fat lambs opened steady to 50 cents lower, and feeders and older sheep were steady at Fort Worth Monday. Choice and fat lambs sold from \$18 to \$21, the latte figure for fancy wooled lambs an the lower end of the range or extreme heavies. Clipped lambs topped at \$20. A year ago thi week fat lambs topped at \$19 to \$20, and our reports carried a notation that something fancy

could have sold above that level Old ewes, however, were selling well ahead of current prices a year ago. Monday's values of \$6 to \$8 on killers compared with \$6 to \$9 last year, and some light-weight fancy ewes were selling to \$10 and above for slaughter.

Feeder lambs at \$17 to \$20.25 Monday brought \$20 and down a year ago this week.

Butcher hogs topped at \$18 at Fort Worth Monday, 25 to 50 cents higher than Friday's low close. A look at our report made a year ago this week reveals that hog prices are \$8 to \$8.50 per 100 Counties.

Last Friday top hogs at \$17.50 months. Last year at the end of January top hogs sold at Fort Wednesday. Worth at \$26.25 to \$26.50.

Sows sold this week at \$13 to \$15.50, compared with sales made a year ago at \$21 to \$24 per 100

(concluded from page one) rally to the project better, we may be forced to leave, because we are losing money on the piece-meal methods we are having to use

"If all the people who tell us they want paving will put up thier money, then permit us to work solely on the few who may need assistance in some way, the program will get going as it should,' Chastein. "So far we are going around in circles, from one property to another, who say they are waiting on their neighbor."

# March Draft Call **Director Declares**

Another light call for draftees has been set for the month of March, which will probably mean that some 10 or 12 will be included from the three-county draft board at Anson, which serves Jones, Haskell and Shackelford

State draft quota for March is 584 men for the Army, Brigadier to \$17.75, lowest top here in 25 General Paul L. Wakefield, state selective service director, said

This is the Texas share of national quota of 11,000 men. The state draft headquarters

currently is figuring the breakdown of this quota for 137 state

draft boards, and expects these quotas to be mailed this week. The March quota of 584 compares with a February quota of 597 and a January quota of 1,249. There will be no men called up

for pre-induction mental and phy-

sical examinations in March, General Wakefield said. As previous ly announced, there will be no examinations in February. With the exception of volun teers, the March call will be filled

only with registrants who on March 1 are at least 20 years and one month of age. The average age of men now being inducted in Texas is jus

above 21 years. Currently, nearly half of all the men being supplied by Texas draft boards are men

who volunteer through the boards Many of these volunteers are under the age of 20.

#### **Concrete Work About** Completed on Moore **Grain Elevator Project**

Practically all the concrete work on the big F. B. Moore Grain Company elevator expansion program had been completed by mid-week, according to representatives of the contracting firm, Chalmer & Barton of Hutchinson, Kansas.

Several more weeks of work will be required at the project to install unloading and conveying machinery, and for finishing the

interior and exteriors of the huge bins with concrete paint. Capacity of the Moore eleva tors will be more than doubled with the new additions. Present capacity of the elevators is about 360,000 bushels of grain. The new bins will provide some 500,000

bushels additional capacity, Tentative completion date for the big \$500,000 project has been set for April 1, according to Fred B. Moore Jr., partner with his father in the company.

# **Area Boy Scouts** For Advancements

Hamlin area Boy Scous and Cub Scouts will be recognized during Boy Scout Week the early part of February, it was announced this week by Ray Davis, district field executive.

Eighteen of the 34 Boy Scout troops, Cub packs and Explorer posts in the Northern District composed of Haskell, Jones and Shackelford Counties, of the Chisholm Trail Council will be given the recognition during Boy Scout Week, February 6 through 12, as honor units for 1954.

An honor unit, Davis explains is one that increases its member ship through a quality program that has a definite effect upor the lives of boys in its community. He says that an honor unit i one where character building traits, citizenship training, and physical fitness can be seen in the actions of its members.

The following units will receive the honor unit award at their community Scout and parent pot-luck banquets during Boy Scout Week St. John's Methodist Church troop and Reynolds School P-TA pack at Stamford; Paint Creek School troop; Avoca P-TA pack and troop; Hamlin Elementary P-TA pack; First Methodist Church troop, Lions Club troop and P-TA pack, all at Anson; Chamber of Commerce troop and Socratic Club pack at Rule; First Methodist Church troop, Lions Club troop In presenting Blakney a specia and Elementary School P-TA pack of Haskell; Matthews Memoria Presbyterian Church pack, First Christian Church troop, Methodist Church troop, and Lions Club Explorer post, all of Albany.

MRS. STARR'S CHICKEN HOUSE 1101 East Broadway Sweetwater, Texas

STRIPPED OF CITIZENSHIP—Jesus Valadez,, a native-born Texan whose citizenship has been taken away by immigration authorities, is shown above with members of his family at their home near Navasota. Immigration authorities charged that he "wilfully remained out of the country to avoid military service" and ordered him expatriated. The attorney for Valadez, a farmer, said the decision will be appealed. Above in back row from left to right are: Mrs. Valadez with Jesus Jr., in her arms, Valadez, and son, Norbert. In front from left to right are: Marie, Hector, Marta, Verta and Rolando. The couple also has another child, not in the picture.

### Bill Blakney, Regional Phone Manager, Has 34-Year Perfect Record with Firm

ney, district manager for Southwestern Bell Telephone Company will be on the job tomorrow.

If he failed to show up for work tomorrow morning, he'd break ar

He hasn't missed a day on the job in more than 34 years. Blakney was honored for his achievement by telephone officials at a luncheon in Abilene this week pencil award, J. H. Chowning division commercial superintendent for the company's Northwest Texas division, remarked that he knew of "no better attendance record among the 26,000 telephone employees in Texas"

Blakney, who is well known to many of Hamlin's residents, begar his outstanding attendance record the day he went to work for the telephone company back in 1920 He started his long career as cashier at Marshall, and later wa promoted to manager and district manager in that city.

In 1932 he assumed his present position as head of the telephone company's commercial department in the Abilene district, which includes Snyder, Sweetwater, Colorado City, Roby, Rotan, Anson Hamlin, Roscoe and Stamford,

Blakney, who is well known throughout this part of West Texas, takes an active part in civic and community affairs. As a

It's a good bet that W. L. Blak- | Rotarian, he has a perfect attendance record with that organization for the 23 years he has lived in Abilene.

In addition to his work on the inter-city relations committee of the Rotary, he serves on the mem-Commerce. A captain of the Texas State Guard, Blakney also is a member of the executive committee of the American Legior and a director of the West Texas

His other activities include memberships in the Abilene Club West Texas Central Oil and Gas Association, Shrine Club, and the Telephone Pioneers. He serves on committees in both the Community Chest and the Red Cross

Blakney and his wife are members of the First Christian Church in Abilene. They have one son now in the Navy, and a married daughter, who lives at Seminole

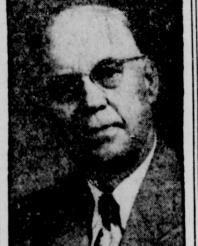

#### Nazarene Church Young People Slate Youth Week Services

Special services in keeping with Youth Week observance are slated by members of the Nazarene Young People's Society of the Hamlin Church of the Nazarene under the leadership of its president, Billy Reynolds.

The entire program will be in charge of the young people Wednesday night at the prayer meeting. A banquet with guest speaker and a nice prigram is planned for Thursday night. Friday night the services are open to people of all ages, with Rev. and Mrs. George Andrews, pastors of the Sweetwater Nazarene Church, singing, and followed by a message to young people by Bro. Andrews.

All the week-night services are to begin at 7:15. Several young people from Bethany-Peniel Colelge of Bethany, Oklahoma, will be in charge of the services both Sunday morning and evening.

The church and its NYPS extend to the youth of the community an invitation to visit and worship with them during this special week's activities, the pastor, Rev. W. C. Emberton, announces.

Blakney (above) were elated this week to learn of the 34year perfect work record he had established during his emplay with Southwestern Bell Telephone Company. The regional manager of the Abilene area was honored by telephone officials this week for his enviable record.

#### Katy Carloadings for Week Fall Below 1954

Revenue freight cars loaded on the Missouri-Kansas-Texas Railway Lines during the week ended January 21, 1955, totaled 4,089 compared with 4,146 for the corresponding week of 1954. There were 4,115 revenue cars received from connecting railroads as against 3,927 for the same week last year, bringing to 8,204 the total of revenue cars handled during the week, compared with 8,073

The Katy has handled 23,759 revenue freight cars this year as against 24,343 at the same time

#### District Cage Play to Be Pushed Up from Original Schedule

Basketball play in the regualr District 4-AA schedule will be wound up Monday night by most teams in the district, it was rethe remaining games.

Hamlin will play Colorado City Monday night at Hamlin in their "Could I try on that red dress last regularly scheduled game bein the window?" asked the bright fore the district tournament. The last game was originally slated

The District 4-AA tournament will likewise be moved up from the original February 17, 18 and 19 booking to Monday and Tuesday, February 14 and 15. The tourname .t will feature mes by both boys' and girls' teams,

and will be played at Stamford. An exhibition game will be reeled off February 25 between the Pied Pipers and members of the Hamlin School faculty. This tilt promises to be a battle royal, the community dopesters predict.

#### BREAD ON THE WATERS.

A London lady left a parcel on a bus seat. A gentleman hurried to give it back to her

"Oh that's all right," she said. "Just leave it on the seat. It's my husband's lunch. He works in the bus line lost-and-found department, and I leave it for him like this every day."

# Richie Smith Gets DISTRICT 4-AA Five Home Games On 1955 Schedule of Pied Piper Gridders

A well balanced football scheddule for the Hamlin High School Pied Pipers has been arranged for the 1955 season, it was revealed this week when the schedule for this fall was released by school

Of the 10 games on the menu, five are at home and five away from home. However, three of the four District 4-AA conference tilts will be played on the opponents' grounds.

The season will open against the strong Winters Blizzards on the Pied Piper stadium September 9. The Blizzards have been first-ofthe-season foes for several years for the locals.

The complete schedule follows: September 9-Winters at Ham-

September 16-Haskell at Has-

September 23-Post at Hamlin. September 30-Roby at Hamlin October 7-Ballinger at Ballin-

October 14-Spur at Hamlin. October 21-Colorado City at Colorado City.

October 28-Anson at Anson. November 4-Open.

November 11-Rotan at Rotan November 18 - Stamford at

LET US COUNSEL WITH YOU ON YOUR INSURANCE!

THE 1955 BUICK SPECIAL delivers locally for less than some models of the 2-Door, 6-Passenger Sedan, so-called "low-price three." COME IN AND CHECK! Model 48 (illustrated),

OST PEOPLE still don't believe it. But it is true.

And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume - and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price tag we'll show you proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile - and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that

gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing-all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments - and so on.

But - you get the idea. This is a buy, this '55 Buick - a great buy - and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself,

Thrill of the year is Buick

# **Probably 275 Boys From County Enter Service During 1954**

An estimated 275 Jones County boys have enlisted or were drafted into the armed forces during 1954, Probably a like number. or maybe a few more, have been discharged or relieved from active duty during that period.

A total of 49,714 Texans enlisted or were drafted into the armed forces in 1954, and at the same time, 57,187 were discharged or relieved from active duty.

This was revealed in a consolidated report Thursday by the office of Brigadier General Paul L. Wakefield, state selective serv-

Of the 49,814 persons getting int othe armed forces from Texas. 36,975 enlisted, while 12,839 were drafted. Almost half of those drafted actually volunteered, but went into service through selective service process.

During 1954, Texas draft boards sent 20,061 men for the preinductioin physical and mental examinations. A total of 11,997 passed these tests and 8,064 failed them. This is a rejection rate of approximately 40 per cent.

Under the law, responsibility for the rejection of registrants belongs to the armed forces. General Wakefield pointed out.

Under the doctors' draft law, Texas draft boards sent 106 doctors and dentists for examination in 1954, with 64 being accepted by the armed forces and 42 rejected. A total of 37 doctors and dentists were offered commissions after receiving orders for induc-

concern. Their case was built up to post their assessments are prelargely on "supposings." Mr. Lincoln asked them, "How many legs would a sheep have if

you called its tail a leg?" "Five" was the prompt answer. "That is what I thought you tail a leg doesn't make it one."

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

# Mothers' Porchlight Drive "Just the same as what's the matter with the whole world!" he replied. "I've got three walnuts and each of the hove wants two." Nets March of the hove wants two."

# Traffic Blockade, **Benefit Dance and** Other Events Help

Mother's porchlight campaign Monday evening for polio funds Mr. and Mrs. S. D. Ferguson, (Dicky)

With 30 mothers of the com staged between 7:00 and 8:00 p. m. Monday, netted \$383.80. This ortion of the drive was under the direction of Mrs. Weldon Johnson

At last count Tuesday evening a total of \$2,350 had been collected for the community's collection, and several donations reported had not been accounted for.

The traffic blockade conducted at the intersection of South Central Avenue and South Third Street under direction of the Hamlin Rotary Club, netted \$461. Under the leadership of President Weldon Johnson, Bill Feagan, Victor Ortiz and Jake Lawson for the Rotary gruop, they were assisted by members of the Future Farmers of America, Hamlin High School Band and Lions Club. Cars were stopped at the intersection and issued "polio passes" for contributions to the March of Dimes Witt's Square Dance Club re-

ported \$107.10 netted from a benefit dance Saturday night at the Witt cabin at the Hamlin West Lake.

The Fergusons asked The Herald to express their sincere appreciation of a generous and cooperative group of people in making the 1954 March of Dimes campaign in the Hamlin community an outstanding success.

Centarl Avenue Baptist Churc in Hamlin is Woodrow McHugh (above). He fills the place made vacant last September by the resignation of Rev. Miles B. Hays, who went to Lueders. He will begin his ministry in the local church Sunday.

#### All-Night Singing Set At Dovie Friday Night

# WATER PROGRAM MAY OPEN UP NEW FIELDS

As the proposed water resources development project being sponsored by the Hamlin Chamber of Commerce begins to take shape with the preliminary surveys and investigations now underway in the area north and west of Hamlin, scattered slighting remarks made by kill-joys and cold blanket wielders remind us of the Doubting Thomases of other

The critics said the incandescent electric light would never work; they said the steamboat would never operate; they said sending the human voice over a wire was foolishness; they declared a flying machine was tomfoolery; they bemeaned anyone who thought that communication by wireless was possible; they ridiculed the mechanic who believed a horseless carriage was possible; they laughed at plans to irrigate vast stretches of desert country in California, Arizona and South Texas.

But actualities prove that the critics were wrong. Those impossible sounding experiments have become potent proof that fantastic projects sometimes are carried to fruition. Many difficulties had to be surmounted to nake most of the plans workable. Faith and vision and imagination triumphed in the end, however, and the world is a better place for all of those accomplishments.

In the Public Interest

neasures.

The plan to develop new water sources for the Hamlin territory in the region to the Double Mountain Fork of the Brazos River north and west of Hamlin may be far-fetched; it may not be practical; it may too expensive; the water may not be usable. But some of those similar may-nots faced other great projects that are now realities. At least, we owe it to those whose ingenuity and pioneering in their veins to hold our damaging criticism until the engineering firm of Freese & Nichols come forward with their findings and recom-

Jack Willingham and his Chamber of Commerce Water Resources Committee deserve our active cooperation and confidence. They may be working on a project that will open up new fields of possibility for our region. The least we can do is give them and the engineers the benefit of our support in the surveys and investigations.

If more of our people could have seen the thousands and thousands of acre feet of water that rushed under the Highway 83 bridge over the Brazos River nine miles north of Hamlin last May and June—only to be impounded by Possum Kingdom Lake and other reservoirs downstream—some of the ridicule recently noised about might have been unuttered. Let's wait and see and listen.

#### Aristocracy of Character

There is no aristocrary of blood, but only Your state legislators set up boards and of character. A man's real worth consists urcaus to protect the public. Members of not in what he possesses, but in what he is. uch boards are appointed to look after the It is not possession but ownership that makes

> What we call living is often nothing more than a feverish attempt at multiplication of things; whereas life ought to be a process of becoming, an unfoldment of the marvelous potential that we all might, but never quite dare, to be. Therefore, to regard one's work-whether it be selling goods, or building houses, or serving in the professions, the arts or the industries — to regard it as that Club. which forms one's part in the general community, as one's contribution to the progress of the race, always to invest it with the best one has-this is what it meanss to be one of earth's noblemen and thereby attain unto the aristocracy of character.

# Editorial of the Week

SPENDING AUTHORIZATIONS

The foot-in-the-door method of seeking congressional authority to spend the taxpayer's money adds much to federal spending—and

Here is how it works: A bill is introduced to authorize a new program or project. Little if anything is said about what it will cost, except maybe for planning purposes, until after it is passed. Then the appropriations committees are told: "The Congress approved this project. Obviously, it is the will of Congress that you do your duty and grant 84,774 bales ginned prior to Jan-

A first-year appropriation for a small amount is quite likely to be approved. In the next year a new request comes in for many millions and the committees are told that it would be wasteful and inefficient to drop the project midway in its construction. Under these circumstances the many millions are usually granted.

There are about 1,400 authorizations, many of them obtained in the manner indicated, in the field of river, harbor and flood control alone; and the 1954 budget indicates that \$14,000,000,000 will have to be appropriated in future years to complete the civil public works projects already started. In addition to the commitments to complete work now underway, \$17,700,000,000 of construction work has been authorized and may be undertaken during and after fiscal year 1954 if funds are provided.-T. & P. Railway Topics.

Cattle trade Monday was steady with some cows and calves strong r. Cows selling Monday at \$10 Paul's Methodist Church at Abi- to \$13 compare with end-of-January values of \$10 to \$13.50 a year ago. Canners and cutters sold methods we are having to use from \$7 to \$10 Monday, and level with a year back.

at \$19 to \$23 a year ago.

Bulls at \$9 to \$14.50 are also evels with a year ago.

Slaughter calves of the good and choice variety sold Monday at \$1 o \$19, identical with last year Medium and lower grades sold from \$9 to \$15, unchanged.

Stocker calves and yearlings ar selling above a year ago by a couole of dollars. Toppy calves at \$20 to \$22, and yearlings at \$21 down are fully \$2 above last year at this time.

Fat lambs opened steady to 50 ents lower, and feeders and older heep were steady at Fort Wort! Monday. Choice and fat lamb sold from \$18 to \$21, the latte figure for fancy wooled lambs an the lower end of the range of extreme heavies. Clipped lambs topped at \$20. A year ago th week fat lambs topped at \$19 to 20, and our reports carried a notation that something fancy could have sold above that level

Old ewes, however, were selling well ahead of current prices a year ago. Monday's values of \$6 to \$8 on killers compared with \$6 to \$9 ast year, and some light-weight fancy ewes were selling to \$10 and above for slaughter.

Butcher hogs topped at \$18 at Fort Worth Monday, 25 to 50 cents higher than Friday's low close. A look at our report made a year ago this week reveals that hog prices are \$8 to \$8.50 per 100

Last Friday top hogs at \$17.50 to \$17.75, lowest top here in 25 months. Last year at the end of January top hogs sold at Fort Worth at \$26.25 to \$26.50.

Sows sold this week at \$13 to \$15.50, compared with sales made a year ago at \$21 to \$24 per 100

(concluded from page one) rally to the project better, we may be forced to leave, because we are losing money on the piece-meal

"If all the people who tell us they want paving will put up thier noney, then permit us to work solely on the few who may need assistance in some way, the program will get going as it should." Chastein. "So far we are going around in circles, from one property to another, who say they ar waiting on their neighbor."

# March Draft Call **Director Declares**

Another light call for draftees has been set for the month of March, which will probably mean that some 10 or 12 will be included from the three-county draft board at Anson, which serves Jones, Haskell and Shackelford Counties.

State draft quota for March is 584 men for the Army, Brigadier General Paul L. Wakefield, state selective service director, said Wednesday

This is the Texas share of a national quota of 11,000 men.

The state draft headquarters currently is figuring the breakdown of this quota for 137 state draft boards, and expects these

quotas to be mailed this week. The March quota of 584 compares with a February quota of 597 and a January quota of 1,249

There will be no men called up

for pre-induction mental and physical examinations in March, Gen eral Wakefield said. As previous ly announced, there will be no examinations in February. With the exception of volun

teers, the March call will be filled

only with registrants who or

March 1 are at least 20 years and one month of age. The average age of men now being inducted in Texas is just above 21 years. Currently, nearly half of all the men being supplied

by Texas draft boards are men who volunteer through the boards. Many of these volunteers are

under the age of 20.

#### Concrete Work About Completed on Moore **Grain Elevator Project**

Practically all the concrete work on the big F. B. Moore Grain Company elevator expansion program had been completed by mid-week, according to representatives of the contracting firm, Chalmer &

Barton of Hutchinson, Kansas. Several more weeks of work will be required at the project to install unloading and conveying machinery, and for finishing the interior and exteriors of the huge

bins with concrete paint. Capacity of the Moore eleva tors will be more than doubled with the new additions. Present capacity of the elevators is about 360,000 bushels of grain. The new bins will provide some 500,000

bushels additional capacity, Tentative completion date for the big \$500,000 project has been set for April 1, according to Fred B. Moore Jr., partner with his father in the company.

#### Nazarene Church Young People Slate Youth Week Services

Special services in keeping with Youth Week observance are slated by members of the Nazarene Young People's Society of the Hamlin Church of the Nazarene, under the leadership of its president, Billy Reynolds.

The entire program will be in charge of the young people Wednesday night at the prayer meet ing. A banquet with guest speaker and a nice prigram is planned for Thursday night. Friday night the services are open to people of all ages, with Rev. and Mrs. George Andrews, pastors of the Sweetwater Nazarene Church, singing, and followed by a message to young people by Bro. Andrews.

All the week-night services are to begin at 7:15. Several young people from Bethany-Peniel Colelge of Bethany, Oklahoma, will be in charge of the services both Sunday morning and evening.

The church and its NYPS extend to the youth of the community an invitation to visit and worship with them during this special week's activities, the pastor, Rev. W. C. Emberton, announces,

HAMLIN FRIENDS of Bill Blakney (above) were elated this week to learn of the 34year perfect work record he had established during his emplay with Southwestern Bell Telephone Company. The regional manager of the Abilene area was honored by telephone officials this week for his enviable record.

#### Katy Carloadings for Week Fall Below 1954

Revenue freight cars loaded o the Missouri-Kansas-Texas Rail way Lines during the week ended January 21, 1955, totaled 4,089 compared with 4,146 for the corresponding week of 1954. There were 4,115 revenue cars received from connecting railroads as against 3,927 for the same week last year, bringing to 8,204 the total of revenue cars handled during the week, compared with 8,073 last year.

The Katy has handled 23,759 revenue freight cars this year as against 24,343 at the same time

# Richie Smith Gets DISTRICT 4-AA Five Home Games On 1955 Schedule of Standings In the District 4-AA Pied Piper Gridders

A well balanced football scheddule for the Hamlin High School Pied Pipers has been arranged for the 1955 season, it was revealed this week when the schedule for this fall was released by school

Of the 10 games on the menu, five are at home and five away from home. However, three of the four District 4-AA conference tilts will be played on the opponents' grounds.

The season will open against the strong Winters Blizzards on the Pied Piper stadium September 9. The Blizzards have been first-ofthe-season foes for several years for the locals.

The complete schedule follows: September 9-Winters at Ham-

September 16-Haskell at Has-

September 30-Roby at Hamlin October 7-Ballinger at Ballin-October 14-Spur at Hamlin.

September 23-Post at Hamlin.

October 21-Colorado City at Colorado City. October 28-Anson at Anson.

November 4-Open. November 11-Rotan at Rotan. November 18 - Stamford at

STARTS AT THE SEAMS. It's called middle-age because hat's where it shows first.

LET US COUNSEL WITH YOU ON YOUR INSURANCE!

THE 1955 BUICK SPECIAL delivers locally for less than some models of the 2-Door, 6-Passenger Sedan, so-called "low-price three." COME IN AND CHECK! Model 48 (illustrated),

OST PEOPLE still don't believe it. But V it is true.

And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume-and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price tag we'll show you proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile - and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that

gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing-all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner. full-flow oil filter, automatic lighting in glove and trunk compartments - and so on.

But—you get the idea. This is a buy, this '55 Buick - a great buy - and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?

An estimated 275 Jones County boys have enlisted or were drafted into the armed forces during 1954, Probably a like number. or maybe a few more, have been discharged or relieved from active

A total of 49,714 Texans enlist ed or were drafted into the armed time, 57,187 were discharged or

This was revealed in a consolidated report Thursday by the office of Brigadier General Paul L. Wakefield, state selective serv-

Of the 49,814 persons getting int othe armed forces from Texas, 36,975 enlisted, while 12,839 were drafted. Almost half of those drafted actually volunteered, but went into service through selective service process.

During 1954, Texas draft boards sent 20.061 men for the preinductioin physical and mental examinations. A total of 11,997 passed these tests and 8,064 failof approximately 40 per cent.

Under the law, responsibility for the rejection of registrants belongs to the armed forces, Gen-

tors and dentists for examination the armed forces and 42 rejected.

A total of 37 doctors and dentists were offered commissions after receiving orders for induc-

Prison Chaplain-"You say they put you here just because of your

# **EXPLANATION TO VOTERS OF**

ORDER NO. 20-A motion was made by Thurman Terry and seconded by T. R. Underhill that the salary of the County Commissioners remain at \$3,300,00 per year and each Commissioner be and here is appointed road overseer at a salary of \$50.00

The vote was two for and two against.

On the second vote the vote was three for and two against. The motion car-
